(5.7m length x 4.2m wide)  
Alarmed and powered

**H, I, J**  
(6.0m length x 3.0m wide)  
Powered

## The Storage Licence Agreement

The Storage Licence is an important document. This is completed to protect the Licensee and the Licensor. Be sure to read it thoroughly.

## Termination

One months notice is required to be given to the Licensor if on an open Storage Licence Agreement.

The Licensee will ensure the unit is in the same state at the end of the licence as it was at the beginning of the licence agreement.

The Licensee is required to sweep out the container at the end of the licence agreement.

## Insurance

The goods you have in the self storage unit are yours and remain your sole responsibility. You should always have them covered by insurance. Check with your insurance provider to see if your cover has provision for items in storage.

## Payment Terms

All payments are to be made monthly and in advance on the first of each month.

Payments are to be made by automatic payment.

## Secure Storage

MY Storage has **point to point beams** located in different areas of the Storage Complex. These beams are activated at night and are monitored by a security firm.

There is also an option for **individually alarmed units**. An extra fee is charged for a fully alarmed unit.

If an unauthorised person attempts to enter a unit, it will activate the alarm which will notify the security firm who will then investigate. **These alarmed units are monitored 24/7.**

To secure the unit a padlock is required, that you need to supply, or for your convenience, can be purchased from the office.

MY Storage has **high definition IP security cameras** in various locations of the Storage Complex, continuously monitoring the complex 24 hours, 7 days a week.
